Was equipped with the knowledge, skills and dispositions to help all students learn	2.5

The Ohio Department of Higher Education discontinued collection of Satisfaction of Employers Data and Bluffton used an internal survey to collect satisfaction data from employers.

The response rate was not acceptable.

The Bluffton University Educator Preparation Program joined a statewide collaboration to collect these data from employers and will began receiving reports and analyzing data in spring 2021-2022. It is anticipated that the response rate will increase. A full report will be posted when all data are collected and analyzed.
