

Name _____ declares intent to **MINOR** in
CHEMISTRY

Student Box # _____ Student ID# _____ **2011-2012**

Approved by:
Department Chairperson _____ Date _____

Major Faculty Advisor _____ Date _____

My declared major is _____

My previously declared minor was _____ Please drop it and replace with this new minor
 Please add this minor to the previously declared one

To officially declare this minor, contact department chairperson to complete the above and return this form to the registrar's office.

For Office Use: Code: CEM Advising #: CEMN11

REQUIREMENTS FOR A MINOR IN CHEMISTRY

Core Requirements:

_____	CEM 121 General Inorganic Chemistry 1	5
_____	CEM 122 General Inorganic Chemistry 2	5
_____	CEM 221 Organic Chemistry 1	4

In addition, select two courses from the following:

_____	CEM 222 Organic Chemistry 2	4
_____	CEM 230 Analytical Chemistry	4
_____	CEM 326 Physical Chemistry 1	5
_____	CEM 327 Physical Chemistry 2	5
_____	CEM 330 Advanced Inorganic Chemistry	4
_____	CEM 360 Instrumental Analysis	4

Total semester hours required 22-24

Note: If any or all of the three courses in the Core Requirements list are required for the student's major, they can be counted for both the major and the chemistry minor. One from that list can also count for lab-science general education. However, the two courses chosen from the second list cannot be the same as any chemistry courses required for the student's major or for any other minor.
